

# PRESS RELEASE

## Columbus Marine distributor of STAZO® steering wheels in Denmark

STAZO marine equipment b.v., leading manufacturer of traditional and other wooden steering wheels, has appointed Columbus Marine as the official distributor of STAZO® steering wheels in Denmark as from November 1<sup>st</sup>. Columbus marine is a company with a long tradition importing into and distributing marine products in Denmark, products originating from Europe, USA and Canada.

Columbus marine is specialized in supplying and servicing marine products to the dealers, the boat building industry, the sail makers and the engine repair shops. They are located in Karlslunde, south from Copenhagen, in a 2000m2 office and warehouse.

With this appointment all STAZO® marine products are well represented in Denmark. "With Columbus marine we have experienced and competent professionals aboard and we are very much looking forward to co-operate", claims Martijn Provily, export manager at STAZO marine equipment b.v. "The STAZO® steering wheels fit perfectly into the line of marine products we distribute in Denmark and STAZO® does have the same tradition for quality as we have" Mr. Henrik Nielsen, managing director of Columbus said. All STAZO steering wheels will be published on the Columbus web site soon. For more information: [www.stazo.nl](http://www.stazo.nl)
