

## **PRESS RELEASE**

### **Bellis Marine in Denmark signs MARINEDECK 2000<sup>®</sup> distribution agreement for Denmark**

**With their signatures both Mr. Michael Reher of Bellis Marine and Mr. Martijn Provily of STAZO<sup>®</sup> marine equipment b.v. in the Netherlands ratified their agreement for the distribution of MARINEDECK 2000<sup>®</sup> in Denmark.**

“Over the last 20 years of the existence of MARINEDECK 2000<sup>®</sup> STAZO<sup>®</sup> has proved to having an excellent material as a natural (provided by nature) substitute for ships decks of teak wood. Besides they have a world wide presence and service” Mr. Reher claims. As from this moment on Bellis Marine will have most MARINEDECK 2000<sup>®EXTERIOR</sup> planks and sheet available from stock. At customers request they even will stock completely prefabricated decks being manufactured in the STAZO<sup>®</sup> production facilities in Hendrik Ido Ambacht – the Netherlands. The agreement seems to be a logical step forward for Bellis Marine. Being a relatively new partner in the marine business they want to achieve the goals they have set to penetrate into the Danish marine industry. Bellis Marine maintains short lines to the boating industry on an OEM/refit level as well on the dealer level. STAZO<sup>®</sup> is excited on their turn and claims Bellis Marine fits into the current STAZO<sup>®</sup> marketing- and export strategy for Denmark. Bellis Marine’s first MARINEDECK 2000<sup>®</sup> show is the Kolding boat show “Nordhavnen” in Jutland – Denmark on 15, 16 and 17 August 2008.

For extended MARINEDECK 2000<sup>®</sup> product information please contact: Bellis Marine, Mr. Michael Reher, Bellisbakken 41, 3460 Birkerød, Denmark, phone +45 2764 1504, e-mail: [info@bellismarine.dk](mailto:info@bellismarine.dk), web site [www.bellismarine.dk](http://www.bellismarine.dk).
